

Summer 2026

Dear Rose of Lima Families,

We're excited to share that our students entering grade 8 will be using IXL over the summer to retain skills and concepts practiced throughout the year. With thousands of skills that match our curriculum, as well as insights into student progress, IXL is a great resource to help your child excel!

During summer break, students will reinforce their Math skills using the [IXL-Summer Boost Skill Plan](#). Each student will follow a 4-week plan designed specifically for his/her grade level. For each of the IXL skills, students must reach a SmartScore of 80 or higher.

Please complete the [IXL-Summer Boost Skill Plan](#), sign this checklist and have your child return it to class on the first day of school.
